Where are the shorelines around the Buxton groins, observed and modelled? (1.5 km windows, true scale)

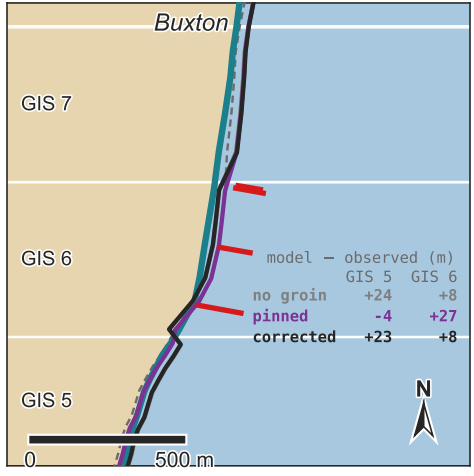

End of calibration, 2008

Just before the 2017 fill, 2016

End of the test, 2024

observed shoreline (CoastSat, that year)
observed at the run's start
no groin
pinned groin (in the runner now)
corrected, 0.12, off from 2017
Buxton groins
island (to the observed shoreline)
ocean
